Findings:

Statement of Financial Position column for 2011 is filled out incorrectly.

Costs based on statement of revenues and expenditures vary according to the analytical level of costs, (according to analytical costs they must be correct because when you add the rest of the revenues they give account total revenue (+7,219.78 17,616.22 = 24,836.00).

Financial resources left at the end of the year 7,219.78 Euro.

Lack invoices for fuel, oil and trips (as specified quarterly PP), contracts for employees, the bank extracts, calculations, statements of payment of PC and TWI.

Recommendations:

PP should respect the principle of consistency (succession) from the period to understand the relation between the periods.

Revenues and expenses and the disclosure statements should harmonize.

Must adhere to Article 15 paragraph 3 of the Law Nr.03/L-174- Law for financing of political parties, for the content of documents in an annual financial report.

Political entity should increase the level of professionalism of financial representative or the person responsible for keeping records and compilation of financial reports through trainings or continuing professional education.
